 Ramudden Digital

## About us

Our group is part of Ramudden Global, a network of traffic safety companies providing urban and high-speed traffic management, Intelligent Transportation Systems (ITS), and infrastructure safety products and services.

With over 5,000 employees across 12 different countries, our success comes down to our focus on our mission, 'to get people home safely every day.' No matter where you are, your employees, your customers and the general public deserve to work, travel, and move through the world safely. We believe this is what matters most. It inspires our entrepreneurial spirit and creativity, sharing ideas and solutions to lead the way in innovation and governance to become a force for good.

A caring force for a safer world.

## What we do

### Services

Helping you manage traffic flow ensuring the safety of work zones, our traffic services are expertly designed just for you.

### ITS/Digital

## The value we add

**Safety:** Through extensive knowledge, many years of expertise and tailored solutions, we enhance the safety of our customers' projects.

**Resource efficiency:** We streamline the project right from the initial planning stage, optimize the use rate and extend the service life of materials.

**Compliance:** We ensure compliance with regulations related to worksite safety, the environment, customer needs and corporate governance.

**Sustainability:** We contribute to a circular economy, safeguard the health and safety of our employees, third parties, and support the communities in which we operate.

**Innovation:** Ongoing development of both physical and digital solutions, including the digitalization of roadworks, means that we move both ourselves and the industry as a whole forward.

**Growth:** Through continuous improvement of our deliverables and new offerings, we contribute to growth within the traffic and infrastructure industry.

## Our mission and our values

**Our mission** – Our job is to make sure that everyone comes home safe and well every day.

**Our core values** – Close, driven and considerate.

# Rentals

Count on us to meet all your job site needs hassle-free! With our delivery time guarantee, your experience is worry-free. Renting with us minimizes storage costs; no yard maintenance is required. Just call for pick-up, and we'll handle the rest. Our fleet of reliable traffic management equipment is well-maintained, and technical help is just a phone call away.

## Barrier Wall Systems

Short or long-term, we take care of everything from planning and setup to maintenance and removal, giving you a worry-free experience.

## Crowd Control & Fencing

Wherever flexibility, durability and security are needed most, we deliver protection and safeguard against accidents and intrusions.

## Electronic Equipment

Keep your roadways safe with the latest electronic sign boards, guaranteed to hold up in even the most demanding environments.

## Crash Attenuation

Minimize collision severity in work zones and protect both workers and motorists with our high-quality ground-mounted attenuators.

## Light Towers

Illuminate job sites with our reliable light towers. Perfect for nighttime operations, they provide maximum brightness and durability.

## Signs & Delineators

Need a sign for only a little while? That's where we can help, providing you with a range of short- and long-term sign rentals.
